

VILLE LEPPÄNEN

F i l m m a k e r & V i s u a l a r t i s t

Passionate, free minded and warm, mostly self taught visual creator. Good customer service sense and easy to be around. Understanding people with different background. Likes to do things on his own, but loves the connection and power of teamwork. Moved to Stavanger in september 2023 from Jyväskylä Finland. Fresh father for a lovely baby girl, so highly motivated to stay in Stavanger area and learn norwegian. Adaptive and good problem solving abilities. Keen to learn. Understanding trends but at least intrested to know what you can find from the opposite direction where everyone else is going.
